Class features

- **Updated information**

With the new hairstyles with partly shaved heads, it is often necessary to present two views of the face, showing the hair from a profile view as well as traditional views. Participants will create two-view composites.

- **Color composites**

Participants will learn how to create color composites for high profile cases. This will include adding color to composites through colored pencil and creating watercolor/pastel pencil composites.

Other color supplies: In addition to the watercolors, brushes, and boards provided, you will need to bring the following:

Colored pencils	Any good grade
Pastel pencils	Derwent Pastel Pencil Portrait tin
Water container	I like the 3 lb margarine tub size (remove the margarine)
Paper towels	
New paper stumps—your pencil ones will not work.
